**RESPONSE UNDER 37 CFR § 1.111**

Commissioner for Patents  
Washington, D.C. 20231

The Applicants' representative has reviewed the Office Action mailed on May 21, 2002. This response is accompanied by a Petition, as well as the appropriate fee, to obtain a two-month extension of the period for responding to the Office action, thereby moving the deadline for response from August 21, 2002 to October 21, 2002. Please consider the appended remarks.

The Applicants' representative has carefully reviewed and considered the Office Action mailed on May 21, 2002, and the references cited therewith. No claims are amended, no claims are canceled, and no claims are added. As a result, claims 1-7 are now pending in this Application.

While asserting the existence of such an element in the Office Action (see Office Action, "Claim Rejections - 35 USC § 102", "... comprising a support substrate (48) supporting a sensor element (70) ..."), a careful reading of
